TAYLION INTRODUCES RENAISSANCE STAR 360 TESTING

Taylion is excited to announce the addition of Renaissance Star 360 testing. More than one-third of U.S. schools use Renaissance solutions to accelerate learning for millions of students.

Renaissance Star 360 includes interim assessments for literacy, math, and reading (also available in Spanish), helping to determine the best instruction to meet the needs of all students.

Learning analytics deliver results to help teachers assess each student's grasp of essential reading and math skills. The assessment is adaptive and will adjust to the students' comprehension level. The goal of this benchmark is to establish a baseline of student achievement and allow Taylion to create a pathway to guide each student towards their academic success.

STUDENT COUNCIL KICKS OFF IN SEPTEMBER

In September, Taylion High Desert Academy will hold the first meetings for this school year's Student Council. Student Council will be available at all three locations and includes volunteerism, fundraising, leadership, and more. Open to grades 7th-12th, students can also earn credit for attending and participating in student council meetings and activities.

Meetings will take place every two weeks at the students' respective location, as students plan events, field trips, and more. Regular attendance is required to receive credit.
